Dear Calvary Ranch,

I am writing to you today to thank you for the help that you have given to my son, Brandon. From the letters he has written to me, I can tell that he sounds happier. He sounds surer of himself and his future. I cannot tell you in words how much that means to me. I have prayed and prayed for more than two and a half years that I could get my son to Calvary Ranch. At one time, it just seemed an absolute impossible dream, and now here it is, a miracle from God. I am forever grateful!

Sincerely,

Lela
